PRODUCT DESCRIPTION

Davide Groppi Mira LED Wall Light

Ex-Display, boxed in non-original packaging.
1 x Available.

The Mira wall light was designed by Omar Carraglia in 2012. Mira boasts a pure form, a simple container for the light source. Light is incorporated into the space, becoming an architectural element. The Davide Groppi Mira has an adjustable arm which can be manoeuvred to your desired position either away or towards the wall, or angled towards the ceiling. The direct light from the Mira makes it a great choice for a reading light or for other spaces in need of direct lighting.
