PRODUCT DESCRIPTION

Designer: Michael Anastassiades

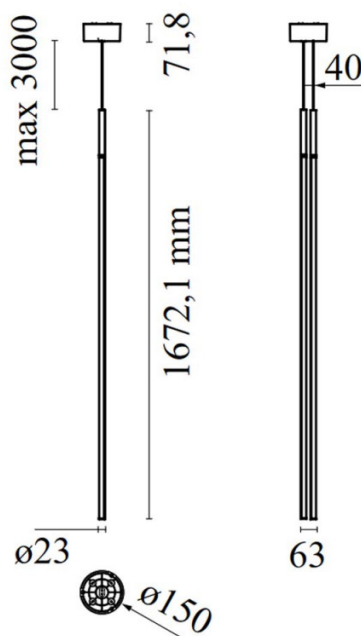

Flos My Lines LED Suspension

Flos My Lines is a suspended lamp, designed by Michael Anastassiades and intended to replace the need for a floor lamp. The light is composed of two slender lighting tubes that can be oriented and rotated via the ceiling canopy. Each lighting element is made of extruded anodized aluminium with a matte white finish and a diffuser in platinum optical silicone with an integrated LED strip.

The LED light source emits an even dispersion of light that can be dimmed from 100%-10% brightness. Flos My Lines Suspension produces a warm illumination that can be used to create a calming ambience in your space, utilise My Lines next to your sofa, in a reading nook, in your dining space or even in a bedroom.
