PRODUCT DESCRIPTION

Designer: Massimo Colagrande

Nemo Lighting Plint Battery Mini LED Spotlight

Nemo Lighting Plint Mini LED Spotlight was designed by Massimo Colagrande. The spotlight can be directed upwards by 90 degrees to be aimed directly where the light is needed. Nemo Lighting explored the world of architectural battery-powered lights and proceeded with an ingenious design direction that started with **Plint**. The Plint Mini Spotlight is portable with a USB-C charging port which only takes up to 4.5 hours to charge fully.

Plint LED Mini Spotlight is available in four colourways. These modern mini spotlights can be used to illuminate artwork around professional, commercial settings for up to a maximum of 5 hours.
