PRODUCT DESCRIPTION

Designer: Bakery Group

KDLN Pixel Wall Light

KDLN Pixel Wall Light was designed by Bakery Group. The wall light takes inspiration from the seventies pixelated digital language which was used to specify the smallest component in an image for the first time. This wall lamp is both minimalist by colour and maximalist by shape and can be hung in any direction preferred. The Pixel wall light can be hung alone or can be jig-sawed together in multiples to make a satisfying visual wall decoration. The pixel can also be hung as a ceiling light.

The Pixel wall light is made up of rotational-moulded polyethylene which is secured to a varnished metal frame which can be easily attached to the wall. It has a max depth of 10cm, giving the light a 3D wavy effect.

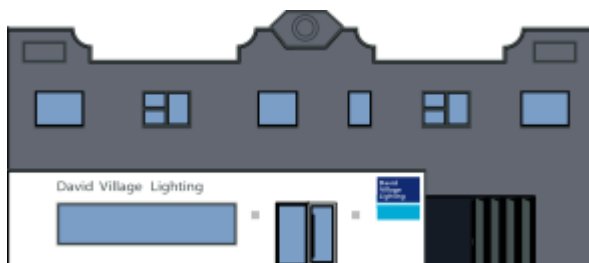

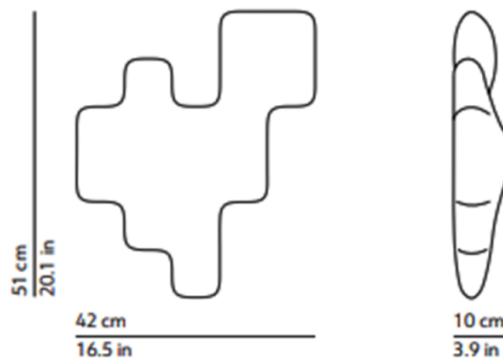

PRODUCT SPECIFICATION

Light Source: 3x Max 12W, E14 (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Length: 42cm
Width: 10cm
Height: 51cm
