PRODUCT DESCRIPTION

Designer: Pablo Studio

Pablo Designs T.O LED Table Lamp

Pablo Designs T.O LED Table Lamp was designed by Pablo Studio. The LED light sits on top of the solid marble structure. The LED wand is divided between front and back sections allowing for 360° control which concentrates the light where you need it the most. The cable is fitted with a magnet which can be secured to the body of the lamp for an effortless and seamless look. T.O represents a harmonious dialogue between darkness and lightness and a perfect amount between light and sculpture.

Pablo Designs T.O LED Table Lamp is available with a white Carrara marble base with a chrome light source and black Marquina marble with a brass light source. This stunning lamp offers unlimited contexts for use in residential and workplace surroundings. The table lamp can also be paired up with [T.O floor lamp](#)
