PRODUCT DESCRIPTION

Designer: Pablo Studio

Pablo Swell Pendant

Pablo Swell Pendant was designed by Pablo Studios. The three pendants have a pure outline designed to appear seamlessly together in a cluster. All pendants have a brass interior colour which creates a golden glow around the opening of the pendant. All the Swell Pendants have hand-crafted aluminium shades.

The versatile Pablo Swell Pendant can be hung in both a residential and a commercial environment by a 304.8cm cable. This pendant is available in three different sizes and three different exterior colours: brass, black and white. The Swell Pendant is also available in a [Swell XL](#) for a more dramatic effect. Swell can be hung both vertically and horizontally.

Swell's modular system also allows a flowing string of lamps to connect to a singular power source. For more information on how the pendants can be connected and prices, please [contact us](#).

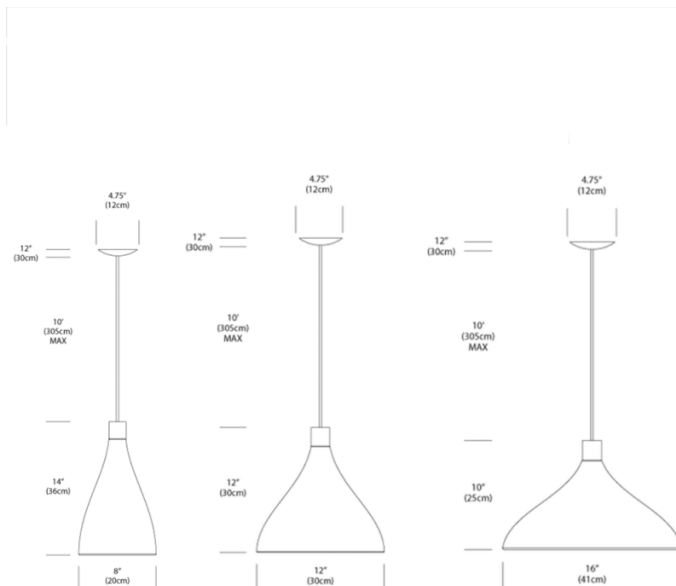

PRODUCT SPECIFICATION

Light Source: 1X Max 13W, E26 (Excluded)
