PRODUCT DESCRIPTION

Designer: Sofie Refer

Nuura Blossi Table In-set LED Lamp

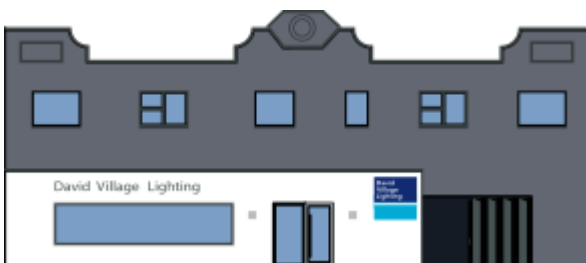

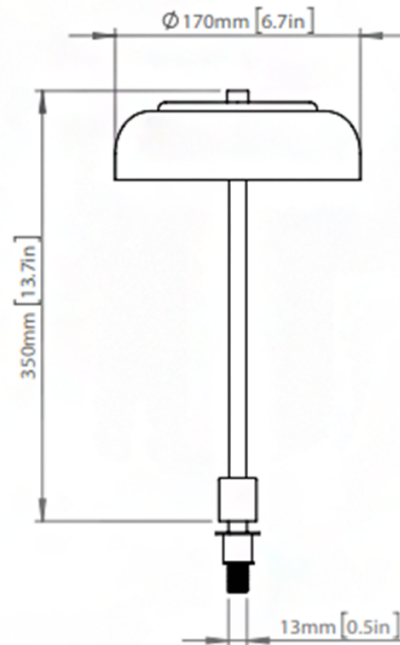

Nuura Blossi Table In-set LED Lamp was designed by Sofie Refer in 2018. The Blossi In-set is an incorporated table lamp which has been designed to be installed on the exterior of a tabletop. A replaceable LED module is located in the rounded glass screen, from which a soft, indirect light is spread.

The Blossi Table In-set lamp is available in two different colourways: black and Nordic gold and in two different sizes. The black is powder-coated with a velvety finish whilst the Nordic gold has a smooth elegant finish. Both colourways have an attached mouth-blown glass shade. The black base comes with an opaline shade and the Nordic gold comes with a transparent shade.
