PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Alturo Alvarez Anel An04 LED Pendant

Anel An04 LED Pendant was created by award-winning Spanish designer, Arturo Alvarez. A striking visual feature made from Alvarez's signature painted stainless steel mesh material for the structure and suspended from three steel cables. Two steel mesh cylinders enclose the light source and form concentric circles. Anel allows light to trickle through the mesh as well as offering evenly dispersed downward light which is ideal above a dining table as a centrepiece to elicit conversation.

Arturo Alvarez Anel An04 Pendant is suitable for both residential and commercial settings. Anel An04 Pendant is also available in a ceiling light version: [Alturo Alvarez Anel An05 Ceiling Light](#) which when paired together, creates a beautifully aesthetically pleasing display.
