PRODUCT DESCRIPTION

Designer: Rainer Mutsch

Axolight Orchid LED Table Lamp

Axolight Orchid LED Table Lamp was created by Danish designer, Rainer Mutsch. The Orchid design expresses the enchantment of nature with its splendid stems and buds. Like the sun, the Orchid LED Table Lamp creates direct light with an intense diffused glow which gracefully characterizes every space. Orchid table lamp is formed from a die-cast aluminium body and with an opalescent diffuser.

Orchid LED Table Lamp is a striking visual feature which is available in three pastel colourways: sand, grey and white. All of the colourways are aesthetically pleasing to look at, which allows the table lamp to be displayed in both a residential or a workplace setting. Adding a minimalistic element to any décor, the [Orchid collection](#) won the Good Design Award in 2017 for the lighting category. The collection also includes a floor lamp, two wall lamps and two suspensions.
