1 x Matte Black available.

The Artek A330S Golden Bell Pendant, designed by Aino and Alvar Aalto in 1937 for the Savoy Restaurant, is a timeless masterpiece of modernist design. Its perforated rim creates a beautiful corona effect, preventing glare while casting warm, diffused light. Made from a single piece of brass or steel, the Golden Bell pendant light is a sculptural piece that adds elegance to any space. Perfect for dining rooms, living spaces, or commercial environments, the A330S offers both functionality and beauty. Now available in a clearance sale, this is an opportunity to acquire a design classic at a reduced price.
