PRODUCT DESCRIPTION

Designer: Poul Henningsen

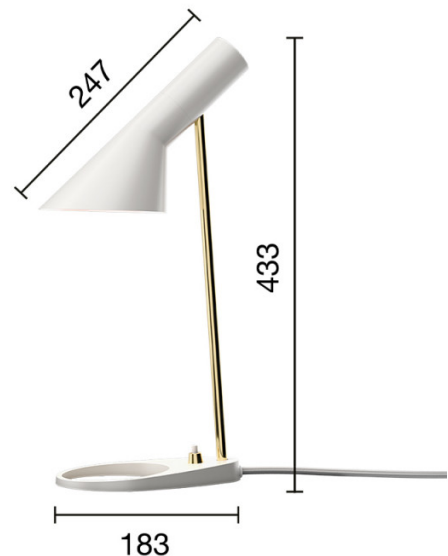

Louis Poulsen AJ Mini Anniversary Edition Table Lamp

For the 150th Anniversary of Louis Poulsen, the brand has released a special edition version of the [AJ Mini](#), featuring a brass stem and a rose pink interior shade, resulting in a warmer output of light. The untreated brass stem will patinate over time, providing the lamp with its own unique character.

The AJ Mini Table Lamp is guaranteed to add an intriguing touch to your room. The shade can be angled wherever you need to cast a light and emits a soft downward light perfect for both tasks and ambience. It was originally conceived by Arne Jacobsen for his 1960 architectural triumph, the SAS Royal Hotel, the AJ mini table lamp is the size of the table lamps used in the bedrooms of the hotel, bringing a past design to the modern eye in its original conception. The AJ mini combines sleek and clean lines with a minimalist design to produce a truly timeless and iconic table light.
