Normann Copenhagen Tub Pendant

Normann Copenhagen Tub Pendant was created by the Danish design group, Hans Thyge & co. Tub Pendants combine inspiration from nature with the minimalistic aesthetic characteristic of Nordic innovation. The Tub Pendant features a large lampshade that enhances its aesthetic appeal while also diffusing a uniform and pleasant light. Referencing the organic shapes of nature is evident in the smooth merge of lampshade and cord. Each lampshade has a slightly curved top that elegantly transitions into a stem, adorned with an electric cord, reminiscent of a fruit or plant silhouette.

The Tub Pendant's cleverly simple design structure makes this pendant universal in all environments. Its shade has clean and contemporary lines, providing a timeless, aesthetically pleasing display. The Tub Pendant is available in three sizes and three different colourways. They can be hung in a cluster of matching pendants or a combination of different colours. Tub Pendant is also available in a wall light version: [Normann Copenhagen Tub Wall Light](#).
