An elegant design by Ciszak Dalmas, the Marset Ambrosia LED Wall Light was inspired by classic strip lighting. It boasts a smooth-lined tubular structure that features an aluminium frame and a methacrylate diffuser. Ambrosia's warm, diffuse light fills the space, adding modern beauty and illuminating any contemporary interior with a calming glow.

The Marset Ambrosia is available in two lengths, 60 or 90cm, and it can be fitted either horizontally or vertically. Marset Ambrosia is a highly versatile wall light that can be utilised in both residential and commercial interiors, offering numerous aspects of personalisation and resulting in a lighting solution that best suits you and your needs.

The Marset Ambrosia LED Wall Light is available with Dali dimming, and the options of a colour temperature of 2700K and 2200K, allowing you to adjust the warmth of the illumination. The Ambrosia Wall Light is also available in a larger size with a width of 210cm. Please [contact us](#) for more information and pricing.
