PRODUCT DESCRIPTION

Designer: Manuel Vivian

Axolight Spillray Plus LED Suspension

The Axolight Spillray Plus is a stunning suspension light designed by Manuel Vivian, who specialises in blown glass creations. This LED suspension lighting solution features a refined simple glass shade that subtly reveals the light source and generates a gentle glow. The Spillray Plus can be used in both indoor and outdoor settings thanks to the IP55 rating, and the elegant glass shade can be easily removed for cleaning and maintenance.

The Axolight Spillray is available in 3 different sizes that feature their own unique shape, being a mixture of slender tubes and more compact and wider silhouettes. You can also choose between a range of finishes, meaning the Spillray Outdoor Suspension can adapt to a range of spaces.

The Spillray Plus can also be supplied with Dali dimming and with either a ceiling canopy or recessed canopy, please [contact us](#) for more information and pricing.
