PRODUCT DESCRIPTION

Designer: Marta Laudani & Marco Romanelli

Oluce Lanternina Pendant

The Oluce Lanternina Pendant is a smaller variation of the [Oluce Lanterna](#), offering the same classic design which references traditional glass lanterns of the past but in a more compact form. Designed by Marta Laudani & Marco Romanelli in 1998, Lanternina consists of a naturally shaped sand-blasted glass that allows the illumination to penetrate through and generates an even dispersion of light.

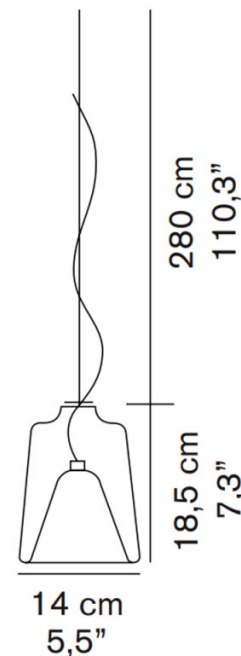

This pendant light is a functional but decorative lighting solution that can be used in both classic and contemporary interiors, thanks to the transparency of the glass it adds an elegant and sophisticated touch to your environment. The Oluce Lanternina is a beautiful addition to kitchens and dining rooms and can be displayed individually or in clusters.
