PRODUCT DESCRIPTION

Designer: Lambert & Fils

Lambert & Fils Dorval LED Table Lamp

Lambert & Fils created the Dorval LED Table Lamp based on Cluzel & Pluchon's original pendant prototype, Dorval 01 which won the Interieur Award in 2018. Layered in history, the Dorval Table Lamp is a subtle interplay between contemporary and vintage industrial design. Drawing inspiration from both airport runway lights and the classic Motobecane French moped, this light is confrontational yet intriguing, offering an immediate invitation of light.

Dorval Table LED Lamp has a unique touch dimmer which allows you to control not only the brightness but the colour temperature too. Dorval is a modern lighting solution that utilises LED technology and rotates at 350 degrees to direct light where needed, providing bright and clear illumination. The bold Dorval Table Lamp is available in five select colourways to be featured in any commercial or residential environment. Dorval LED Table Lamp can also be purchased as a [Dorval LED Pendant](#) version.

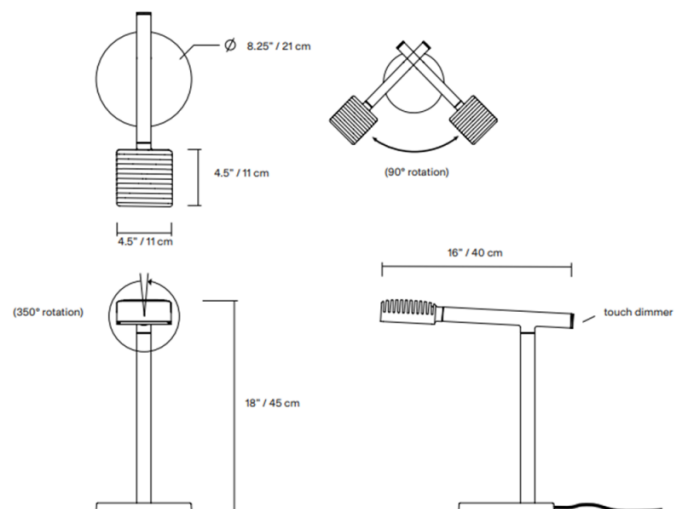

PRODUCT SPECIFICATION

Light Source: 5W 3000K 402 Lumens

IP Code: 20

Dimming: Integrated dimmer on product

Dimensions: Length: 40cm
Height: 45cm
Cable: 244cm
Width: 20cm
