PRODUCT DESCRIPTION

Designer: Lambert & Fils

Lambert & Fils Hutchison LED Suspension

Lambert & Fils designed the Hutchison LED Suspension in January of 2024. Thoughtfully designed, the Hutchinson LED Suspensions is a structure of soft curves and hard lines which create a bold visual feature above a kitchen or dining room table. Independently, this suspension is defined as a classic and decorative pendant, however, in a cluster they evoke the iconic patterns of Middle Eastern archways and Roman terracotta roofs. The minimalistic yet bold design is a testament to the careful attention to detail and commitment to quality that went into its creation.

Hutchison LED Suspension is available in five striking colourways which create a stylish aesthetic in both commercial and residential environments. Each suspension is fitted with modern LED technology to emit direct downward light and create an even illumination to any décor.

PRODUCT SPECIFICATION

Light Source: **Hutchison 01:** 7.7W 3000K 625 Lumens
Hutchison 02: 10.7W 3000K 851 Lumens
Hutchison 03: 15W 3000K 1180 Lumens
