PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Ring Wall Light

The CTO Lighting Ring Wall Light was created by the brand's in-house designers. Inspired by the chiaroscuro method of using strong light and shadows, the Ring Wall Light has been cleverly constructed to deliver richness and warmth to any environment. The sculpturally dramatic shade harnesses the light source and creates an upward and downward illumination, ideal for an aesthetically pleasing display within a hallway or as bedside table lights.

CTO Lighting Ring Wall Light is available in two rich colourways: brass and bronze. Whether it's a residential or commercial space, the elegant design and high-end finish of the Ring Wall Light make it stand out and add a hint of refinement to any interior. [CTO Lighting Ring collection](#) also includes a table lamp, a suspension and a pendant.

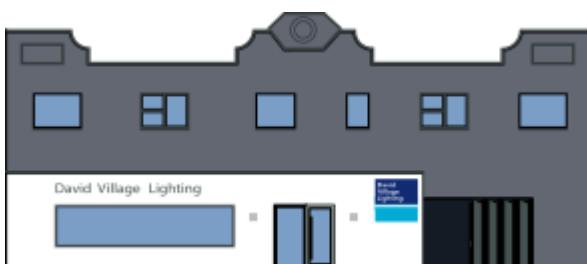

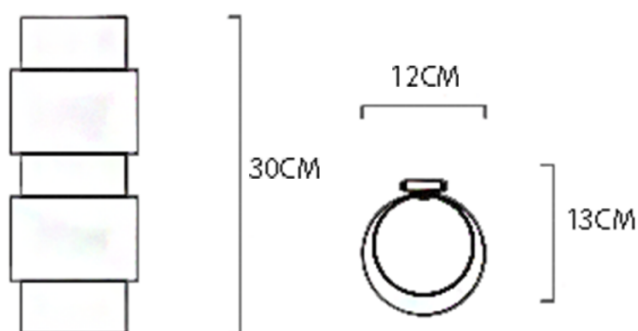

PRODUCT SPECIFICATION
