PRODUCT DESCRIPTION

Designer: Jens Fager

Zero A Light LED Pendant

The minimalistic Zero A Light LED Pendant was created by Swedish designer, Jens Fager in 2024. Displayed independently or in a group, Fager designed these versatile pendants to be adaptable to both commercial and residential establishments. A Light LED Pendant can be strategically positioned to create an aesthetically pleasing sequence. Providing direct downward lighting, these pendants are perfect above a dining table or a kitchen island.

A Light LED Pendant is available in two colourways: black and white, with a matching 250cm cable. The outer shade of this pendant has been lacquered for a glossy finish, whilst the inner shade remains matte.
