PRODUCT DESCRIPTION

Designer: Jens Fager

Zero Compose Wall Light

In addition to the [Zero Compose Collection](#), this minimalistic yet bold Compose Wall Light was designed by Jens Fager in 2023. Available in four colours, two sizes, and two shade options, the Compose Wall Light offers a wide variety of choices for both residential and commercial environments.

Zero Compose Wall Light is designed to not only add a pop of colour when displayed individually, but also to make a statement when shown in an eye-catching pattern. Install the Compose Wall Light along a hallway or stairway to create a dramatic downward illumination. Zero Compose Wall Light is also available in a [Glass Shade Pendant](#) and [Metal Shade Pendant](#) which can be featured together for a contemporary cluster display.
