PRODUCT DESCRIPTION

Vibia Palma LED Table Lamp

EX-DISPLAY. SIGNS OF WEAR AND TEAR. SEE IMAGES FOR EXACT CONDITION.
1 x White Available.

The Vibia Palma LED Table Lamp boasts a unique silhouette and casts a warm functional glow which is replicated throughout the collection. The Palma Table Lamp utilises an organic form, consisting of two hemispheres that appear to float in mid-air joined together by an aluminium ring which is available in two minimalist finishes; either graphite or white. The blown glass diffusers balance elegantly atop the metal structure, adding a sleek contemporary touch to your interior.

The Palma LED Table Lamp was designed by Antoni Arola for Vibia, a beautiful way to create a calming ambience in your interior. It can be displayed alone or combined with other lights in the collection to create a seamless aesthetic. A perfect addition to living spaces, reading nooks, bedrooms and dining spaces. It can also be used for commercial spaces, specifically in the hospitality industry.
