Louis Poulsen PH Snowball Limited Edition Pendant

Released to honour the brand's 250-year anniversary, the Louis Poulsen PH Snowball boasts the same silhouette as the original pendant, differing in its unique pale rose finish. PH Snowball utilises eight shades that reflect the inner illumination, preventing glare and resulting in an even illumination. Enhancing its surroundings with a warm delicate glow, and making each Snowball an original collectable. The white-surfaced shades of the PH Snowball Anniversary Edition is combined with not only the pale rose tint but also a glossy brass frame - providing a sophisticated twist to today's modern interiors, no matter where the pendant is placed.

On each Anniversary Edition, the PH Snowball Pendant will be engraved with an individual number from 1 to 300 on the fourth shade to prove authenticity. Each Limited Edition also includes a copy of the new Louis Poulsen book, First House of Light. Information on how to redeem this gift is included in the packing of each pendant.

Please Note: Numbers will be distributed at random and cannot be specified.
