PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella 160 Anniversary Edition Portable Lamp

Originally designed in 1971 by Danish architect and designer Verner Panton, the Panthella collection has become a flagship series of lighting for Louis Poulsen. To commemorate the brand's 150-year anniversary in 2024 they have released a special edition of the Panthella 160 portable. Still harnessing the same silhouette, this anniversary edition features a sleek opal white finish with an elegant metallised brass top nut. The sleek brass detailing shines beautifully both when the light is switched on and off.

Thanks to its portability it can be easily moved from room to room as you desire, it provides a lovely, diffused and glare-free light to any setting indoors or outdoors, thanks to the IP44 rating, reflecting an ambient white glow in its trumpet-shaped base. Boasting a built-in dimmer, you can easily personalise the lighting output of the Panthella, with three stages of brightness - 10%, 33% and 100%.
