## PRODUCT DESCRIPTION

**Designer:** Space Copenhagen

### &Tradition Bonnet Wall Light

A beautiful companion to the Bonnet Chandelier, the &Tradition Bonnet Wall Light was designed by Space Copenhagen and released in 2024. Available in two elegant finishes, this wall light offers a contemporary take on a classic design and boasts an unobtrusive silhouette. The design balances a soft and organic silhouette with the masculinity of industrial materials and visible joints.

The Bonnet Wall Light is a sleek addition to living rooms, bedrooms, hallways and kitchens, providing functional diffused down lighting. Thanks to a small gap in the top of the shade, some lighting is able to escape, providing the look of a more even dispersion. It can be displayed individually in pairs or in multiples, depending on the needs of your space.
