PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 14P Portable LED Lamp

Please Note: The Bocci 14P Portable can only be sold in packs of 8, at a cost of £1,888.

Adapted from Bocci's iconic 14 series, the Bocci 14P lamp is transformed into a portable table light. The soft, candle-like light glows from within a glass sphere. Designer Omer Arbel embraced the beauty of imperfections and created the glass pendant from two imperfect poured-glass hemispheres.

The Bocci 14P lamp has 3 touch-controlled dimming settings and is fully wireless, giving you the freedom to create ambient lighting anywhere in your home. Chargeable via USB-C, the battery provides between 7 and 80 hours of light, depending on brightness levels. With an IP rating of 20, suitable for dry locations, The 14P is an ideal decorative piece for use indoors.
