PRODUCT DESCRIPTION

Designer: Monika Mulder

Pholc Hans Floor Lamp

Featuring a sleek aluminium structure and a minimalistic silhouette, the Pholc Hans Floor Lamp adds a contemporary touch to almost any interior. Designed by Monika Mulder, this lighting solution draws inspiration from the fluid movement of waves through the sea. Mulder named these lighting solutions after Hans J. Wegner and the silhouette resembles the form of his iconic Swivel Chair.

Hans boasts a curved shade that projects the lighting output down onto the area below and creates a pocket of luminance that makes this a perfect reading lamp. Hans can also be utilised in bedrooms, living areas, entryways and dining spaces, and is the perfect way to add elegance to your interior.
