PRODUCT DESCRIPTION

Designer: Lutz Pankow

DCW Editions Munari 10 LED Suspension

The Munari 10 Suspension Chandelier, designed by Lutz Pankow, is a sophisticated lighting piece that merges modular design with artistic expression. With its ten light sources, this chandelier fills spaces with a warm, ambient glow, operating at 2400K and fully dimmable to suit varied lighting preferences. Pankow draws inspiration from Bruno Munari's playful design ethos, delivering a functional yet visually compelling fixture.

The Munari 10 is ideal for large residential areas or commercial environments that benefit from statement lighting. Its modular form and choice of black or gold finishes offer a contemporary appeal that complements diverse interior styles. The chandelier's flat-pack assembly, reminiscent of Munari's educational boxed games, reinforces its playful yet structured design. Complete with easy-to-follow instructions, this piece balances aesthetic allure with ease of installation.
