## PRODUCT DESCRIPTION

Designer: Omer Arbel

### Bocci 100.1 LED Single Random Pendant

The Bocci 100.1 Single Random Pendant is a stunning expression of artisanal glassblowing, designed by Omer Arbel. This unique pendant is part of the Bocci 100 series, where glassblowers work together to create a dynamic, interlocking glass formation. Each glass sphere is carefully shaped, with the final structure cut by a diamond saw to reveal intricate inner layers. The embedded LED source within the pendant interacts with the variable glass thicknesses, producing a soft, ambient glow that beautifully highlights the complexity of the design.

Suspended from a sleek canopy, the 100.1 pendants can be arranged as a stand-alone statement piece or combined in multiples for a dramatic installation. The pendant is available with a variety of canopy finishes, including white, black, and brushed nickel, and can be customized with different cable lengths to suit your space. Ideal for residential interiors or commercial environments, the Bocci 100.1 is a testament to the artistry of hand-blown glass and the unpredictable beauty that results from Bocci's innovative process.

**Please be aware that the handcrafted nature of this product means that each piece will be unique and will vary in size and shape.**

## PRODUCT SPECIFICATION

- Light Source:** 1W, 2700K, 100 Lumens  
2500K and 3000K options are available on request.
- IP Code:** 30
- Dimming:** Dimmable via trailing edge mains phase (Please note control must be compatible with electronic low voltage)
- Dimensions:** Pendant Width/Height: Ø17-21cm (Size will vary)  
Cable Length: 300cm/600cm

100.1

Ø116
