### PRODUCT DESCRIPTION

**Designer:** Stefan Diez

### Vibia Plusminus Solo LED Table / Wall Lamp

The Vibia Plusminus Solo Table / Wall Lamp, designed by Stefan Diez, embodies versatility and contemporary elegance. Part of the acclaimed Plusminus Solo collection, this compact yet impactful lamp is crafted from premium aluminium with a sleek polycarbonate diffuser, offering both form and function. The adjustable shade allows users to direct light with precision, making it ideal for accent or diffuse lighting in a variety of settings.

Available in five stunning finishes, Terra Red, Black, Beige, Blue, and Green, the lamp is designed to suit modern interiors with the option to wall mount providing flexibility in placement. Its integrated LED light source delivers a warm, comfortable illumination of 3000K. The lamp includes dimming options for tailored lighting experiences, as well as the small size option coming in the choice of diffused or accent lighting. Handmade with meticulous attention to detail, the Plusminus Solo Lamp is a perfect choice for enhancing residential or commercial spaces.

**Please note, a bolt down version as well as 2700K and 3500K versions of this product are available on request, please [contact us](#) for further information and pricing.**
