PRODUCT DESCRIPTION

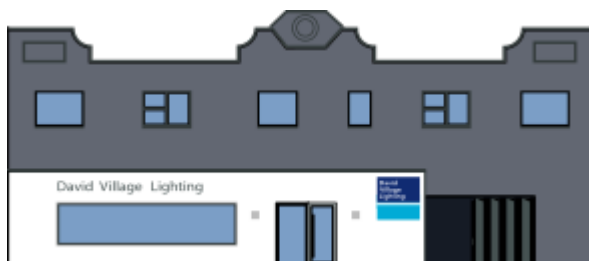

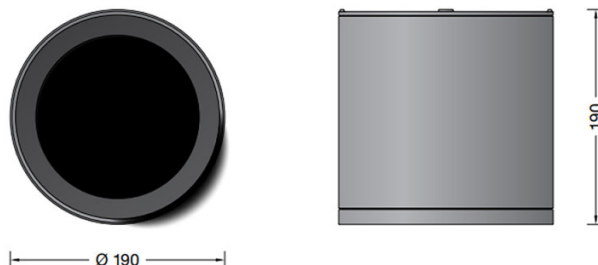

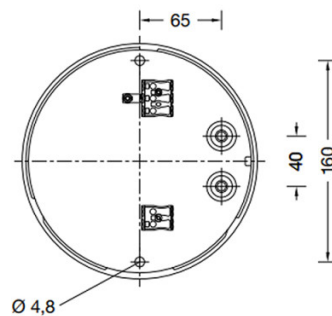

Bega 24878 LED Surface Light

The Bega 24878 is a compact and minimalistic downlight with symmetrically focused broad-spread light distribution. This luminaire is crafted from aluminium and stainless steel, creating a durable and sleek silhouette that can be utilised in a range of interior and exterior settings. Making the most of the BegaUltradark Optics®, the 24878 Surface Light offers high-quality illumination and eye comfort due to a minimised diffuse light percentage and highly efficient glare suppression.

With a striking graphite finish, the Bega 24878 LED Surface Light is an exceptional addition to hallways, kitchens, restaurants, art galleries and shop interiors. Due to the IP rating of 65, this lighting solution is also a sophisticated way to brighten up bathrooms, wet rooms and exterior environments.
