PRODUCT DESCRIPTION

Ferm Living Collect Low Socket Pendant Disc

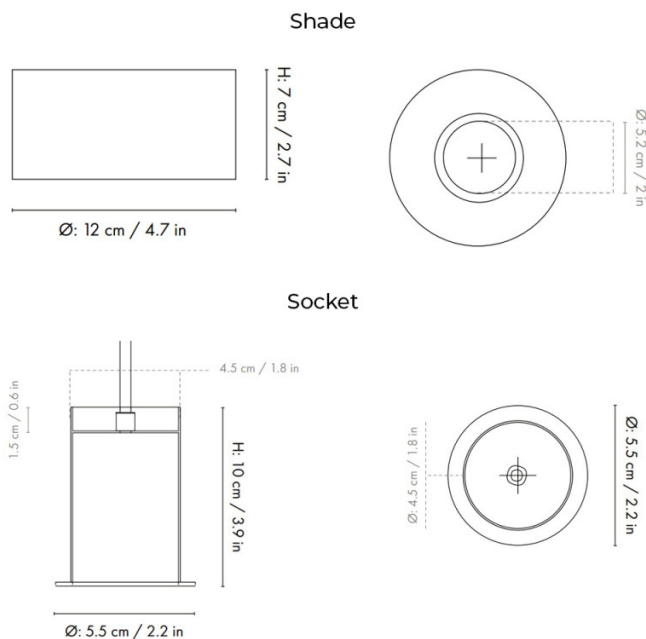

Part of Ferm Living’s modular Collect Lighting series, the Collect Low Socket Pendant Disc offers a sleek and minimalist design, making it a versatile choice for modern interiors. The compact Disc shade, combined with the low socket pendant, creates a subtle yet refined silhouette that blends effortlessly into any space. Crafted from powder-coated metal, the pendant is available in a range of elegant finishes.

This pendant light is perfect for creating soft, ambient lighting in dining areas, bedrooms, or cosy reading corners. The low socket keeps the fixture close to the ceiling, making it ideal for spaces with lower ceiling heights. It is accompanied by a fabric-covered cord, a coordinating ceiling canopy, and a decorative brass ring that adds a touch of sophistication. The dimmable function allows you to adjust the lighting to suit any occasion.

Please note, this product is also available in a [High Socket](#) version and a [Brass Shade](#) version.
