Fabbian Beluga Floor Lamp

LA9660

PRODUCT DESCRIPTION

Designer: Marc Sadler

Fabbian Beluga Floor Lamp

The Fabbian Beluga Floor Lamp is another iconic design by Marc Sadler, featuring the same unique adjustable shade as the rest of the collection but with a more refined colour palette. This floor lamp is available in either a steel or white finish, allowing it to effortlessly adapt to a wide range of contemporary interiors and add an elegant touch to your space.

The Beluga Floor Lamp is graceful and contemporary at the same time, it features an elongated slender stem that holds the classic spherical Beluga shade. The directable light head of glass or metal is easily adjustable and allows you to provide your interior with a directed task light, it is a perfect solution for those looking for a contemporary lamp that not only provides exceptional lighting but also brings impeccable style to a room. The Beluga Floor Lamp can be successfully placed in both home and work environments, in a living room, study, bedroom, entrance hall or hallway just like in an office, professional study, restaurant, or shop.
