PRODUCT DESCRIPTION

Designer: Constantin Wortmann

KDLN Spillo Suspension Light

This rotation moulded design aims to imitate the motion of fluid and water droplets. This simplistic and elegant light hangs beautifully from the ceiling as if a dewdrop hangs from a leaf. When switched on, the Spillo suspension delicately diffuses light out into a room and illuminated the stunningly designed shade.

This Spillo suspension could be placed above a table or down a staircase in a cluster. This suspension is a simple modern design that could fit beautifully into any interior. The designer, [Constantin Wortmann](#), designed the [Spillo collection](#) with the belief that 'a product needs more than perfect function and ergonomics, a product needs some poetry'. This is clear in the fluidity and minimalism of the Spillo that aims to imitate a droplet or dewdrop gently suspended in midair.

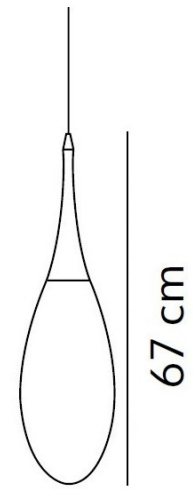

PRODUCT SPECIFICATION

- Light Source:** 1 x Max 21W E27 (excluded)
- IP Code:** 20
- Dimming:** Dimmable via mains phase dimming.
- Dimensions:** Ø18cm
Height: 67cm
Ceiling: Ø12cm
Cable Length: 180cm

Ø 12 cm

4,5 cm

Ø 18 cm
