PRODUCT DESCRIPTION

Designer: Alberto Meda & Paolo Rizzatto

Otto Watt LED Table Lamp

A perfect addition to your workspace, the Otto Watt Table Lamp by Luceplan was designed by Paolo Rizzatto and Alberto Meda. This lamp harnesses a minimalistic yet industrial design, is fitted with dimmable LEDs and boasts a reflector with a glare free filter. This light source not only makes the office lamp exceptionally energy efficient, but by turning the diffuser the colour temperature can be changed at will - from a warm white to a clear, very bright light. The available settings range from 2400 to 3600 Kelvin.

The Otto Watt Table Lamp can also be oriented 360° for direct or indirect lighting, meaning you can personalise your space. This lamp is easy to place, easy to adjust and requires no additional wiring. A modern and elegant task light, the Otto Watt Table Lamp is designed to produce an astonishing level of light efficiency with an energy demand of only 8W. This task light saves energy without affecting functionality. Otto Watt stands out for its slim yet solid lines, granting stability and easy handling.
