KTribe F3 Outdoor Floor Lamp by Flos

The KTribe outdoor floor lamp is part of the [Flos KTribe collection](#), designed by Philippe Starck. The floor lamp is suitable for outdoor use, made from a die-cast aluminium structure and a polycarbonate/PVC shade. The lampshade is made from 2 parts, with a white inner diffuser that creates a warm glow and a coloured outer shade.

The KTribe exterior floor light is available in 2 colours, green wall or panama, which both have a distinct style. The green wall version has a more textured and braided pattern whilst the panama version has a more standard woven pattern with 2 block colours as the main feature. The floor lamp is perfect for many exteriors and will provide much needed light as the sky gets darker. Use in gardens, patios, terraces and more to add a characterful and stylish touch.
