PRODUCT DESCRIPTION

Designer: Greta M. Grossman

Grashoppa Floor Lamp from Gubi

The iconic Gräshoppa Floor Lamp was first produced in 1947 by designer Greta M. Grossman and is one of three lamps included in the [Gubi Grashoppa collection](#). The tubular steel tripod stand tilts backwards, making it both a unique and innovative design that looks as modern and relevant as it did over 70 years ago. The elongated aluminium conical shade is ball-jointed onto the arm so light can be directed with minimal glare, making this the perfect lamp for creating a warm setting for kicking back with a book or simply winding down in your comfiest chair.

This lamp works best for both home and commercial settings to create a warm atmosphere in lounging areas. The Gräshoppa Floor Lamp is available in 7 different colours including vibrant, stand-out shades such as vintage red and mellow, subdued hues such as warm grey, meaning that all tastes can be catered for.

The modernity of Grossman's design will ultimately bring a sense of freshness to any room and the instantly recognisable design will bring a level of sophistication to your décor.

PRODUCT SPECIFICATION

Light Source: 1 x max 30W E14 (excluded)
