Grossman Cobra Table Lamp by Gubi

The Cobra Table Lamp by Gubi is an original design by the influential icon Greta M. Grossman. Despite being designed in the 1950s, this table lamp still has a contemporary look due to its unique resemblance to a cobra's hood.

Like the [Cobra Floor Lamp](#), this lamp has a completely flexible tubular arm, which means it can be pointed in any direction you like. This classic lamp will add a touch of elegance and modernity to any lounging area and its functionality will make it the handiest piece of furniture you have ever owned.
