PRODUCT DESCRIPTION

Designer: Jake Phipps

Innermost Jeeves Pendant Light

Inspired by British culture and P.G. Wodehouse’s beloved character Jeeves, this pendant light reimagines the classic bowler hat as a unique and playful lighting feature. Handcrafted from luxurious wool felt and lined with a sleek aluminium interior, the Jeeves Pendant emits a soft, warm glow with a sophisticated touch. Perfectly suited for both residential and commercial spaces, this pendant brings a touch of British charm and humour to interiors, whether it’s hung above a dining table, positioned over a bar, or arranged in clusters for visual impact.

With its subtle lighting and quirky character, the Jeeves Pendant offers an inviting glow that’s ideal for creating cosy, welcoming environments. This distinctive design not only serves as a functional light but also as a statement piece, bridging tradition and modernity with elegance. The bowler hat-inspired silhouette adds an unexpected element to any room, allowing it to complement both traditional and contemporary aesthetics effortlessly.
