Depth: 9 cm

## Medium:

Length: 135 cm
Width: 124 cm
Depth: 9 cm

## PRODUCT DESCRIPTION

## Arturo Alvarez Kite Ceiling / Wall

Made of curved shapes, allowed by the smooth material patented by Arturo Alvarez SIMETECH®, a composed material of stainless steel mesh and a silicone cover. The light weight material allows for the large size the Kite is avaialble in.

As if floating in the sky on a windy day, the Kite is available in two sizes - small and medium. You can install a single Kite light or create your own composition. Just as a kite, the wall light fills the room with a warm and playful light.
