Marset Pleat Box 13 Pendant Light

The Pleat Box 13 Pendant was born from a successful creative collaboration between master ceramicist Xavier Manosa and Berlin-based Marshalla Design Studio. Created in 2011 for Spanish lighting manufacturers Marset, the Pleat Box 13 was made from a combination of digitally designed creases in a piece of cloth and an organic silhouette of which is applied to a ceramic base. The result is a striking and seemingly soft form which envelops the light source within it's folded top.

Marset Pleat Box 13 is a minimal and stylish pendant light, it's organic form resembles fabric, how it creases and hangs under its own weight or over an object. Marset Pleat Box pendant lights are a beautiful example of ceramics used creatively. The range of colours are perfect for homes and commercial spaces alike, suitable for kitchens, dining and social areas.
