PRODUCT DESCRIPTION

Designer: KiBiSi

Bulb Fiction Pendant Light by Fritz Hansen

Inspired by the classic incandescent light bulb, KiBiSi designed the Bulb Fiction pendant light in 2012. Although it visually resembles an incandescent bulb, the low energy light source is hidden by the opal glass shade, thus ensuring a soft and comfortable light.

The Bulb Fiction pendant has a timeless and traditional silhouette that is updated by the use of materials and design aesthetic, resulting in a contemporary light fixture. You can use the pendant singularly in a smaller space or you can buy several to put in a row or cluster which looks spectacular and dynamic. Suitable for domestic and professional settings, this pendant light looks wonderful in kitchens, lounges, dining rooms and many more.
