Artemide Choose Mega Floor Lamp

The mega version of the Choose floor lamp, the Choose Mega lamp is a design by Matteo Thun for Artemide. Choose is a modern take to the traditional abat-jour. A transparent polycarbonate diffuser takes a parchment paper insert and allows for a soft indirect and diffused light. Choose Mega has a double light emission, each controlled independently via the on/off switches on the cord, an upwards light from the top of the lamp and a downlight via three light bulbs.
