**Marset Maranga Floor Lamp.**

Designed By Christophe Mathieu Marset Maranga floor lamp is made of 32 polycarbonate pieces to create an elliptical shade which fit together to allow chinks of light to escape. This interplay of light and dark generates an effect which is rich in shades of light and prevents glare, while an opening at the bottom fitted with a diffuser gives out direct light downwards.

Maranga floor lamp by Marset is perfect to set a cosy atmosphere in a living room, bedroom or study. The unique interplay of light creates a unique effect on the surrounding surfaces. Marset Maranga is also ideal for tasks such as reading, making this contemporary design a very versatile piece.
