PRODUCT DESCRIPTION

Designer: Grasselli + ModoLuce R&D

ModoLuce Bolla Suspension

The ModoLuce Bolla Suspension seamlessly blends geometric form with material contrast, resulting in a captivating and versatile lighting solution. Designed by Grasselli + Modo Luce R&D, this pendant lamp features an elegant outer 'bubble' made from transparent PMMA, paired with a cylindrical inner diffuser that creates a soft, ambient glow. The inner diffuser is available in a range of materials, including cotton, washable fabric, pleated fabric, and pleated ribbon, with colour options such as opal, orange, and red to complement various interior styles.

This contemporary pendant light can be displayed individually for a striking focal point or arranged in clusters to create a visually dynamic effect. Ideal for both residential and commercial applications, the Bolla Suspension is perfect for living spaces, dining areas, and stylish hospitality environments. The combination of transparent plastics with rich fabric textures ensures that the Bolla Suspension is as functional as it is visually stunning.
