PRODUCT DESCRIPTION

Designer: Marc Sadler

Twiggy LED Floor Lamp by Foscarini

The Twiggy LED floor lamp is a dynamic and vibrant choice that can be adjusted and moved to direct the light where you need and create the atmosphere you want. The floor lamp has a slender fishing rod like stem which acts to suspend the shade and light emission away from its origin, making it the perfect choice for living space. The floor light comes with two weights which can be used to discreetly vary the height of the shade by around 20cm varying how concentrated the light emission is.

The Twiggy floor light is available in five colour finishes, graphite, white, black, greige (mix of grey and beige), burgundy and crimson. You can also have a consistent lighting scheme by matching with other lights from the [Foscarini Twiggy Collection](#) which includes table lamps, pendants and an XL version of the floor lamp.

Additional Stem Sets:

An additional stem set is available for the Foscarini Twiggy Floor to expand the length of the arching stem. Please see the specification image for more information; the left image shows the Twiggy light with two additional stem sets, the right image shows the Twiggy light with one additional stem set. Please [contact us](#) for further information.

PRODUCT SPECIFICATION

Light Source: 28W, 2700K, 3840 lumens

IP Code: 20

Dimensions: Ø46cm shade
29cm shade height
Ø60cm base
