PRODUCT DESCRIPTION

Designer: Davide Groppi

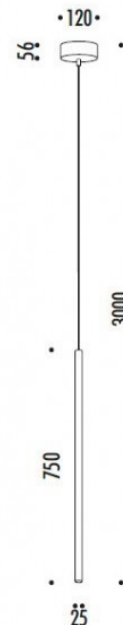

Daide Groppi Miss 1 LED Pendant

Daide Groppi designed the Miss 1 LED Pendant Light. The stunning suspension creates a magical atmosphere in any room, whether residential or commercial. With its tubular structure, the pendant is suspended from the ceiling by a barely visible wire, giving the illusion of floating lights. Miss 1 LED Suspension has a minimalistic yet versatile design which creates a stunning visual feature.

Miss 1 LED Suspension Light can be displayed in a cluster for an aesthetically pleasing visual or independently for a subtle and warm presence. Miss 1 uses a modern lighting solution that utilises LED technology which is housed at the bottom of the tube for an even downward light dispersal. Providing direct light, Miss can be used above a dining table or kitchen island.
