PRODUCT DESCRIPTION

Designer: Bertjan Pot

Heracleum III the Big O by Moooi

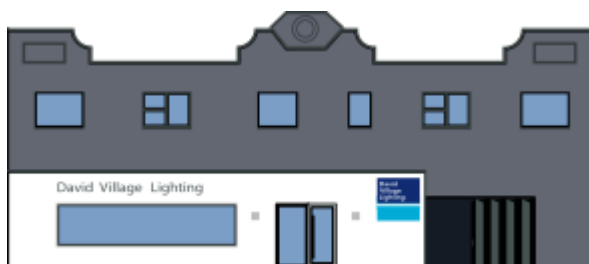

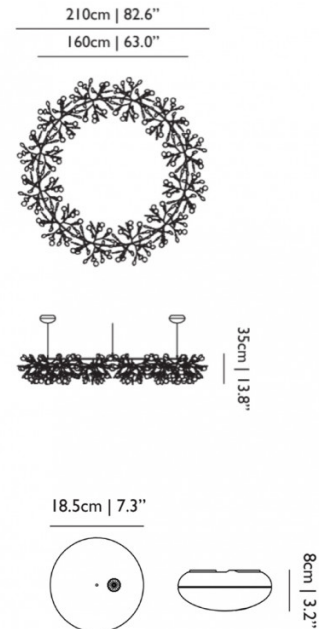

The Moooi Heracleum III Big O lamp by Bertjan Pot & Marcel Wanders is described by Moooi as a 'force of nature'. As always, named after the plant that originally inspired the design, the Heracleum displays a halo of blossoming and twinkling light. Once again, the carbonate lenses 'leaves' of the Heracleum are rotatable, allowing the manipulation of the light.

Perfect for a dining area the Big O Heracleum III by Moooi is most definitely a talking point due to its natural originality and sense of the magical and is available in 4 colours, nickel, copper, green and white. Moooi's Heracleum III The Big O is also available in a small size and in other variations in the [Heracleum Collection](#).

The main image shows both The Big O pendant and [The Small Big O pendant](#).

PRODUCT SPECIFICATION

- Light Source:** 84W, 2600K, 8427 Lumens
- IP Code:** 20
- Dimming:** Dimmable via Dali or Push to make dimming systems or via the Moooi Wireless Wall Switch (wall switch available to purchase separately upon request). Please consult your electrician, additional wiring may be required on-site.
