PRODUCT DESCRIPTION

Designer: Matali Crasset

Fabbian Stick Table Lamp

The Stick Table Lamp is a simple lighting solution by Matali Crasset for Fabbian, crafted from natural Ayous wood and inspired by a pair of pliers: two bent elements stretched by a central support. The wooden slats resemble a frame that decorates the light source, and the result is a warm and cosy illumination that is suitable for a range of interiors. Placed on your bedside table, your desk, your side table or even on the ground pleasant light effects are produced thanks to the gaps in between the wooden structure. While the texture of the wood allows the diffusion of soft, warm light, the repetition of the module creates a graphic pattern and unexpected shadows.

The Fabbian Stick Table Lamp is an original, sophisticated furnishing accessory that expertly portrays the care and attention to detail that has gone into the design. The wooden material ensures it can align with both classic and contemporary interiors.

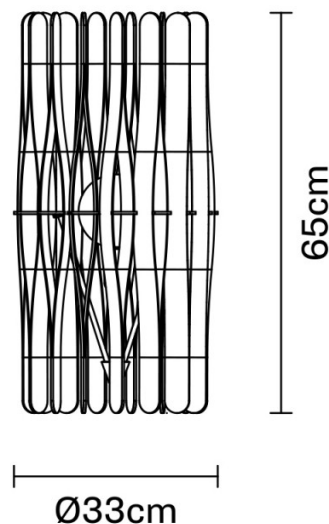

PRODUCT SPECIFICATION

Light Source: 1 x Max 24W E27 (included)

IP Code: 20

Dimming: In-line on/off switch on the cable.

Dimensions: Ø33cm
Height: 65cm
