PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Arturo Alvarez Coral Reef

Arturo Alvarez designed and created an organic and light weight pendant collection inspired by the beauty of the coral reefs. All Coral pendants are bound in some way to the reef, here the Coral Reef represents the entire colony which corals build underwater creating unique ecosystems in our oceans.

The Coral Reef is made of hand-made stainless steel mesh, an extraordinary material which gives the pendant a voluminous but light shade. You can install the Reef on its own, combine with other Coral pendants or have a large [chandelier](#).

Also available in a LED version, please [contact us](#) for further information on pricing.
