PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Arturo Alvarez Coral Seaurchin

Arturo Alvarez present the large collection of beautiful and organic Coral pendants. Made of handmade stainless steel mesh, a material that gives a charming volume to the pendant. The Seaurchin pendant can stand beautifully on its own or combined with other Coral pendants into large [chandeliers](#).

The Coral Seaurchin takes its name from the spiny echinoderms found in the seabed. More specifically, sea urchins favour coastal surfaces where corals are present.

Also available in a LED version, please [contact us](#) for further information on pricing.
